SIR:

This is in response to an Office Action dated December 8, 2000 in connection with the above-identified case. Please amend the application as follows:

IN THE CLAIMS:

1. (Twice Amended) A portable scent delivery system comprising a scent generator which provides scent-laden air to a nasal interface by means of a single conduit, the nasal interface being adapted to be worn by a user of said system in close proximity to the user's nasal cavity, said nasal interface thereby providing said scent-laden air directly to said user's nasal cavity, said nasal interface which is adapted to be worn by
